

Worksop Conservation Area Review

July/August 2009

Questionnaire

The Conservation Team is currently reviewing all of the district's conservation areas. The purpose of this questionnaire is to provide the public with an opportunity to get involved in the review of Worksop Conservation Area. Responses will help inform the forthcoming Worksop Conservation Area Appraisal and management plan.

The Council is particularly keen to know your views on the existing boundary of the Conservation Area and what changes you think might be considered.

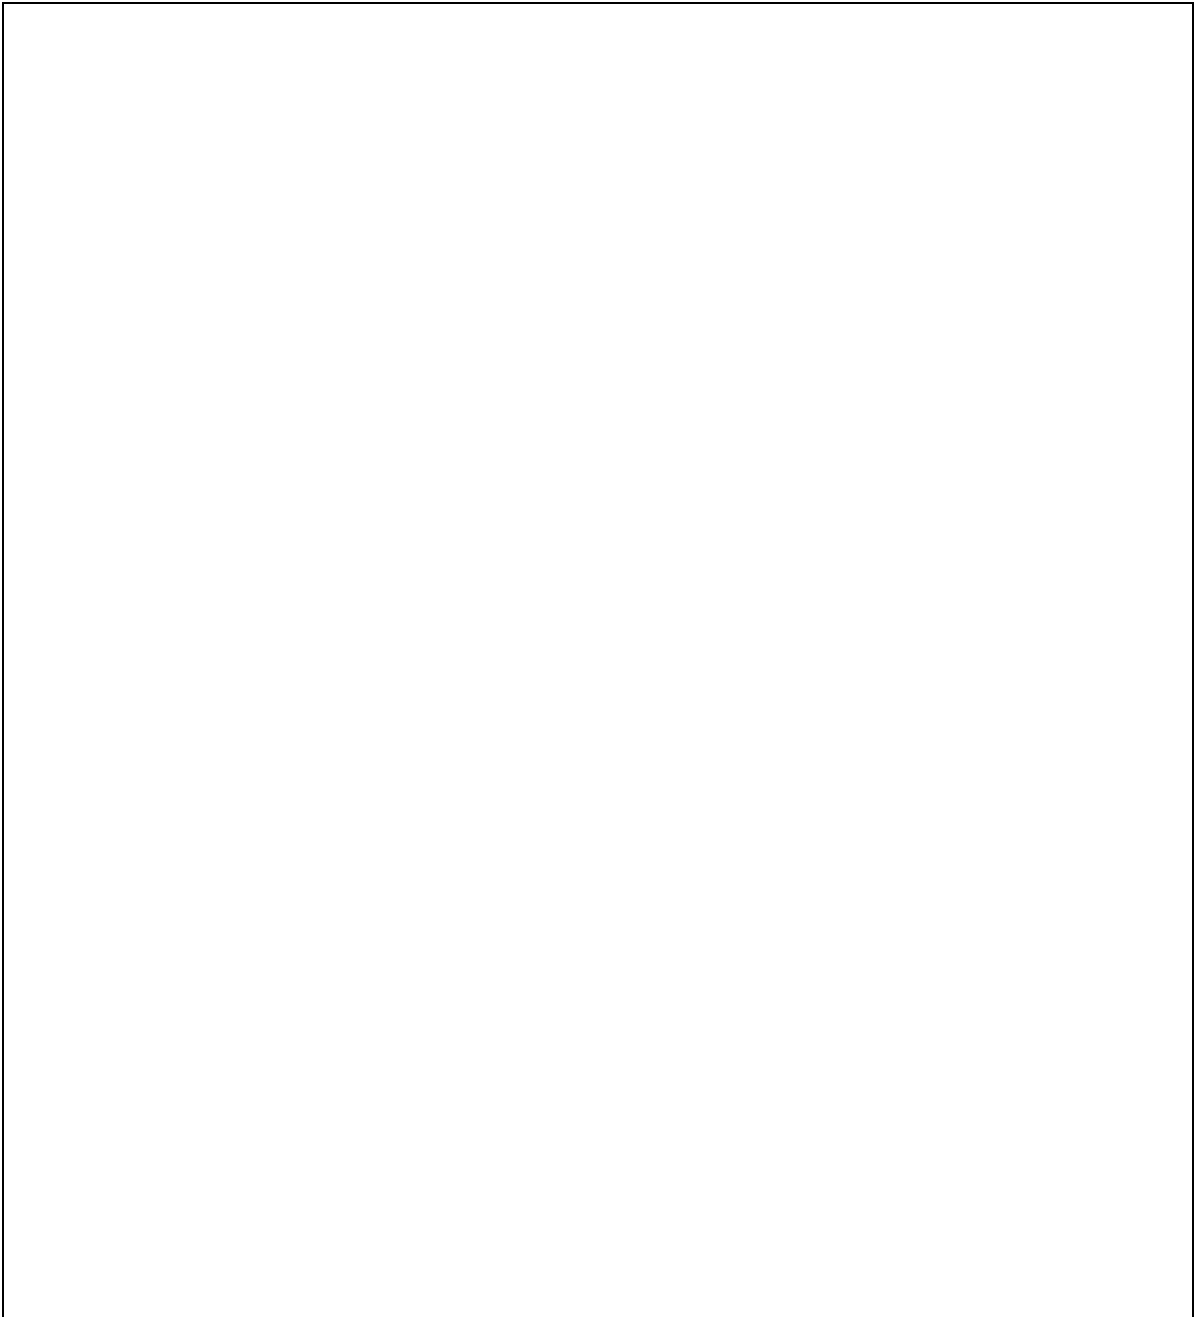

The maps and background information on the Worksop Conservation Area Review are available online at www.bassetlaw.gov.uk and <http://consult.bassetlaw.gov.uk> between July and August 2009. Alternative formats are available on request. Please contact Conservation on 01909 533191.

If you would like to comment on the Worksop Conservation Area Review, please fill out this questionnaire and send it to Planning Services at Bassetlaw District Council on or before Friday 21 August 2009. Your response will help to shape the future management, conservation and preservation of Worksop's special historic and architectural interest.

Boundary changes?

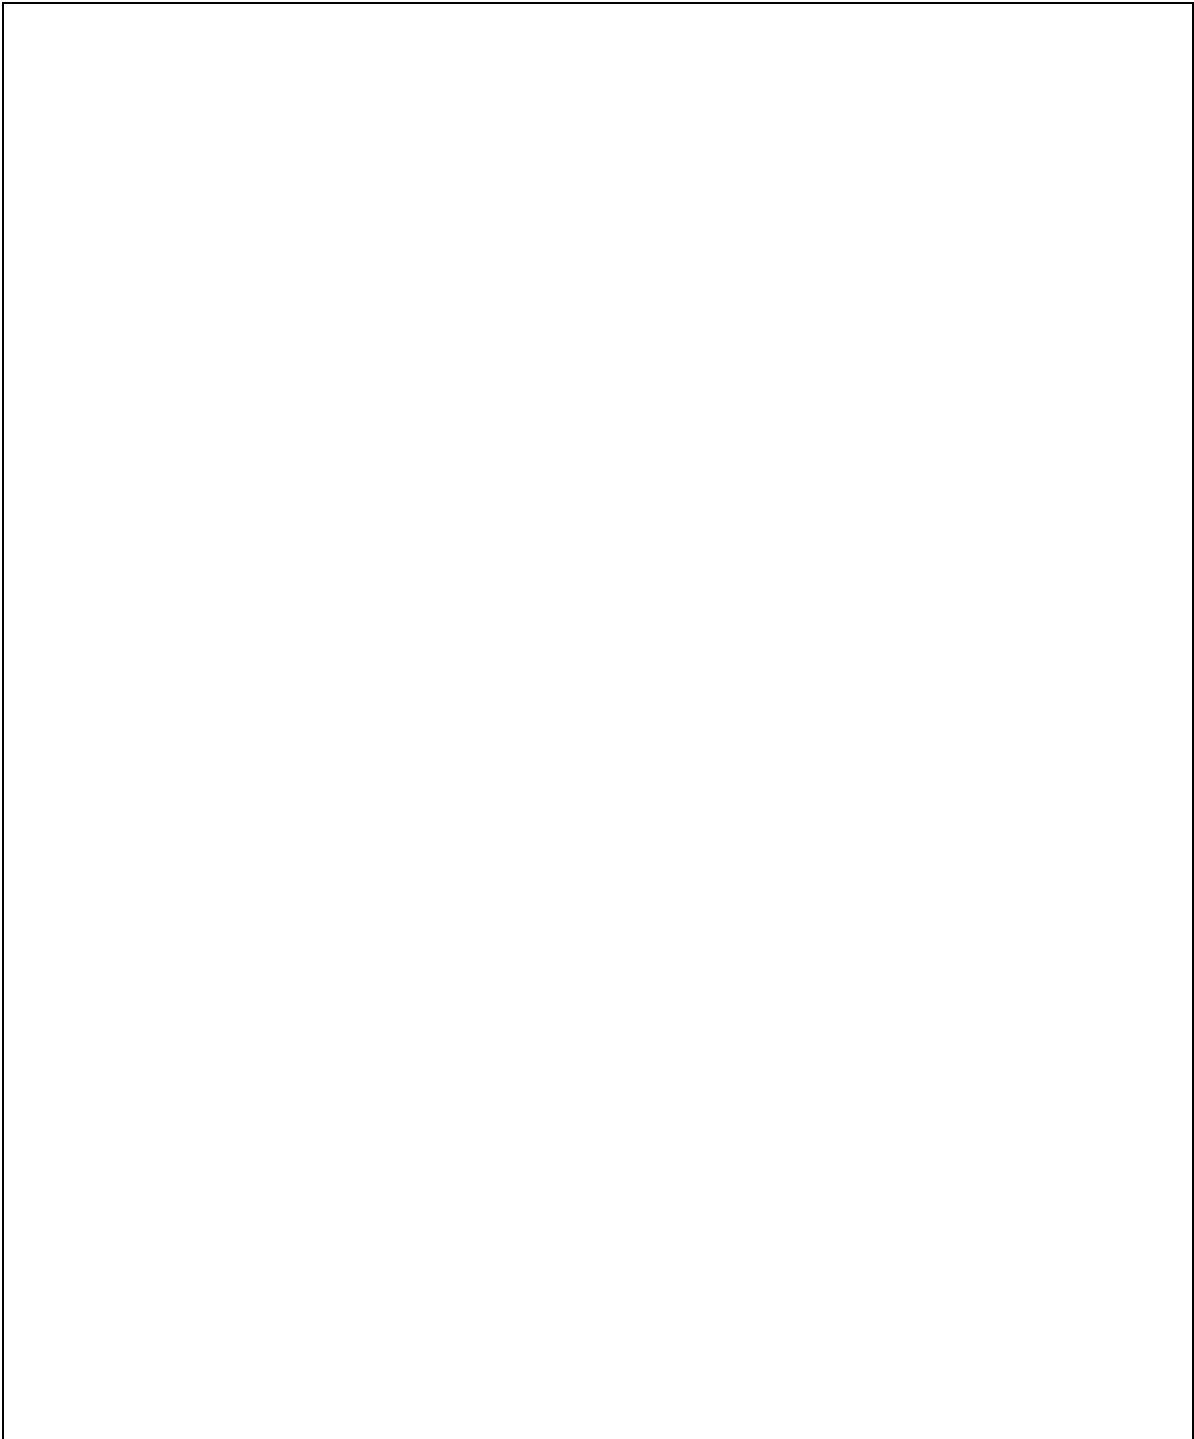

Q1. The map attached shows the existing Worksop Conservation Area boundary.

Are there any buildings, structures or land included within the Conservation Area that you feel should be excluded? If yes, please give specifics and reasons. *When considering this question, please note that a conservation area may include areas within it not considered to be positive. This may help prevent the creation of zones within the conservation area that could become excluded from future enhancement.*

Please feel free to annotate on the attached map with your suggestions and comments.

Q2: Are there any buildings, structures or land not included within the Conservation Area that you feel should be included? If yes, please give specifics and reasons. *When considering this question, you might consider land, landscaping/trees and buildings in the immediate vicinity of the conservation area boundary.*

A large, empty rectangular box with a thin black border, intended for the respondent to provide specific details and reasons for any buildings, structures, or land not included in the Conservation Area that they believe should be included. The box is currently blank.

Please feel free to annotate on the attached map with your suggestions and comments.

Further comments

If you have read the background report on the Worksop Conservation Area Review June 2009, please use the space below to make any additional comments. *Please feel free to share any local knowledge that might give us a better understanding of the conservation area.*
