Description & historic information:

Cemetery opened in 1931, relatively narrow site between Cemetery Road and the former mineral railway for the nearby colliery. Site is surrounded by iron railings set into a low concrete wall foundation. Main entrance has rusticated stone wall with railings, iron gates and hollow iron pillars. interior of site has tree-lined walk around the outside with paths crossing the site in a grid pattern. several iron braziers and an iron-framed sign exist along the north-west part of the site. Cemetery contains a range of significant gravestones and monuments and a variety of mature trees (including Yew, Pine and Conifer).
