

WILLIAM BREWSTER
(1566 - 1643)

One of the leaders of the Separatist movement, William Brewster, lived in Scrooby until 1608, when he was forced by his religious beliefs to leave. He moved with his family to Holland, and in 1620 sailed on the Mayflower, to become one of the first Pilgrim Fathers.

Mr Luke Brown
Neighbourhood Planning Officer
Bassetlaw District Council

Dear Sir ,

SNAP (Scrooby Neighbourhood Area Plan)

Here at the Scrooby Parish Council we have been discussing the creation of a Scrooby Neighbourhood Plan for some time now. Indeed Mr Tony Smith volunteered to investigate and start such a quest for us way back last year.

Therefore, following on from the successful start of a Parish Consultation in May the Scrooby Parish Council wish to give notice that:

- a) They wish to formally commence the Neighbourhood Plan journey, working alongside of yourselves, and
- b) Also wish that the Neighbourhood Plan boundary (or limit) be designated as the limits of the Scrooby Parish Council boundary as already defined and published.

We look forward to a fruitful and useful working relationship with your good selves in the future.

We would also prefer in the first instance that all communications regarding SNAP or Neighbourhood Planning are sent to:
