**Subject:** Lound Parish Council

Having both listened to a representation of and read the Bassetlaw Publication Core Strategy and Development Management Policies, Lound Parish Council would like it to be recorded as being in theory, uncomfortable with future plans for affordable housing in the village.

The Parish Council consider any such development would only be outside the village envelope which is directly against the Village Design Statement, the document that was agreed with Bassetlaw District Council. The PC consider facilities for affordable housing are non existent i.e. no shop, school, or church and an irregular, expensive bus timetable .
