**Policy CS4: Harworth Bircotes**

- 1.1 Reference to **Appendix 3** reveals that by comparison with Retford, for example, the level of residual allocations not built and unimplemented planning permissions is relatively low. Accordingly the opportunity exists to identify and make allocations that have a realistic prospect of being developed. The suggested level of additional housing to be identified within the table at paragraph 4.8 of the Publication Core Strategy would be the second largest within the district at nearly 69% of the level suggested to be required for Worksop. Given the relative uncertainty as to the potential success of such an initiative this is considered to make the Core Strategy unsound and places in jeopardy the prospect of delivering the overall level of housing growth for the district as a whole.
  
- 1.2 In addition to reducing the level of growth allocated to Harworth Bircotes, it also requested that the Core Strategy be amended to build in a flexible component within the Harworth Bircotes allocation, in accordance with the provisions of paragraph 4.46 of PPS 12 to enable the de-allocation of sites in the event that they have not been brought forward during the latter part of the plan period, post 2017, and that the allocation then be redirected to the Worksop Sub-Regional Centre.

**11. If your representation is seeking a change to the Core Strategy or Sustainability Appraisal, do you consider it necessary for you to participate at the oral part of the examination or will this written response (to be submitted to the Inspector) be sufficient?**
