

## LOCAL WILDLIFE SITES WITHIN BASSETLAW DISTRICT

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
1/101	Cottam Wetlands	An excellent wetland mosaic comprising lagoons, marshy grasslands, swamp and a representative length of the River Trent	Botanical. Water Beetles/Bugs	83.270	482990	378927
1/112	Boon Hills Wood	A valuable limestone scarp woodland	Botanical	8.221	453512	369630
1/119	Mattersey Hill Marsh	A fine example of neutral marsh communities developed on old gravel workings	Botanical	5.960	467173	387365
1/120	Askham Pasture	A species rich pasture with an especially notable damp community	Botanical	6.172	474458	374995
1/121	Ashtons Meadow	A hay meadow with a most valuable flora	Botanical	3.566	478646	380006
1/122	West Burton Meadow	An unimproved ridge and furrow grassland with an excellent species content	Botanical	0.892	478699	385125
1/126	Langold Park Lake	A recreational lake of zoological interest and with remnants of a rich aquatic flora	Botanical	13.459	457753	386279
1/129	Welbeck Lake	A site comprising a complex of habitats of considerable zoological interest of particular importance are its breeding and wintering bird communities	Botanical	113.133	458166	372804
1/45	Lady Lee Quarry	A diverse array of species-rich habitats developed on an old limestone quarry and adjacent track – of botanical and zoological interest	Botanical	2.655	456432	379580
1/46	Dyscarr Wood	One of the best examples of calcareous woodland in Nottinghamshire – of faunal and floral significance	Botanical	23.561	457948	387230
1/47	Shireoaks Park Water Garden	A species rich series of channels and pools edged by valuable woodland – of botanical and zoological interest	Botanical	11.254	454728	380365
1/60	Walesby Forest	A large area of importance for its characteristic acid grassland and heath communities	Botanical	80.116	466718	370738
1/61	Clumber Park	A diverse area of mixed habitats of considerable botanical and zoological importance	Botanical Water Beetles/Bugs	561.900	462710	374780
1/62	Bevercotes Park	An excellent area of ancient woodland	Botanical	8.796	470059	370919

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
1/63	Sutton and Lound Gravel Pits	An extensive area of open water, marsh, grassland, scrub and wet woodland which support a rich assemblage of plants, invertebrates and birds	Botanical, Birds Water Beetles/Bugs	575.091	470385	386254
1/65	Delve Drain (and associated Channel)	An excellent association of aquatic plant species in several drains	Botanical	0.675	469793	394409
1/66	Carr Road Drains Complex	A valuable sequence of drains of botanical and Water Beetle interest	Botanical	1.413	471961	393800
1/67	Barrow Hills Sandpit	An excellent area of grassland and scrub on glacial sands – of both invertebrate zoological and botanical importance	Botanical	2.878	468176	391759
1/77	Gamston & Eaton Verges	Species rich roadside verges	Botanical	1.405	472843	377231
1/78	Treswell Woods	One of the best remaining examples of ancient semi-natural broad-leaved woodland on clay soils in the county	Botanical, Water Beetle/Bugs	48.388	476184	379415
1/79	Eaton Wood	An excellent deciduous woodland of botanical and invertebrate zoological interest	Botanical, Moth	24.051	472783	377534
1/80	Gamston Wood	An excellent ancient woodland site	Botanical, Moth	41.472	472818	376803
1/81	Clarlborough Tunnel	A fine example of species rich calcareous grassland and scrub developed around the tunnel top and cuttings on an active railway line	Botanical	7.902	475002	382622
1/82	Chesterfield Canal (Welham to Misterton)	A representative stretch of canal supporting a nationally notable aquatic plant community characteristic of brackish waters	Botanical, Water Beetles/Bugs	20.482	473008	388991
1/83	Cadow Wood (Northern Assart)	A neglected coppice wood of considerable floristic interest	Botanical	4.066	475535	382213
1/84	Castle Hill Wood, Horse Close Plantation and Swindell Spring Wood	Fine deciduous woodland with a characteristic structure and species composition	Botanical	33.122	473672	380503
1/85	Misson Line Bank	An excellent mosaic of open water, marsh, grassland and scrub communities developed around several old borrow pits	Botanical, Moth, Water Beetle/Bugs	20.713	471276	396053
1/96	Mother Drain Misterton	Ditch and banks of considerable zoological interest and of some botanical importance	Botanical, Moth, Water Beetle/Bugs	4.150	477234	395567

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
1/97	Misterton Soss Ponds	Old borrow pits of substantial faunal and floral interest	Botanical, Moth	1.559	477603	395095
1/99	Ranskill Wetlands	A valuable mosaic of open water grassland and scrub habitats developed on old gravel workings	Botanical	42.651	466834	387974
2/103	Lady Lee Pasture	An old limestone quarry supporting a remnant limestone flora	Botanical	0.916	456254	379476
2/104	Wallingbrook Wood	A deciduous wood with valuable ground flora	Botanical	1.795	455367	376220
2/105	Bismarck Plantation	A mixed plantation with a noteworthy flora and a valuable faunal habitat	Botanical	9.206	455439	375680
2/106	Creswell Crags	A site with good habitat diversity and valuable flora and fauna	Botanical	8.624	453534	374110
2/107	Scratta Woods	A very species rich remnant of old woodland	Botanical	1.847	453954	379511
2/108	Monastery Garden Quarry and Wood	A species rich woodland, also of historical botanical interest	Botanical	3.208	457061	384447
2/109	Wallingwells and Carlton Woods	Woodland with a diverse flora and faunal interest	Botanical	32.223	457980	384301
2/112	Fishpond Plantation	A notable deciduous woodland	Botanical	2.033	459747	388256
2/113	Owday Wood	A well-established woodland	Botanical	17.337	457114	382808
2/114	Owday Plantation	A mature plantaton with noteworthy flora	Botanical	2.264	457613	382601
2/115	Rough Piece	A valuable woodland with a noteworthy shrub content	Botanical	8.795	456727	382514
2/116	Nabs Ashes Wood	An interesting deciduous woodland	Botanical	3.340	458279	382551
2/117	Fox Covert, Shireoaks	An interesting habitat mosaic	Botanical Water Beetles/Bugs	8.461	456291	382076
2/118	Burntout Copse	A noteworthy deciduous copse	Botanical	1.686	458264	388537
2/119	Hodsock Plantation	A deciduous plantation with a noteworthy ground flora	Botanical	1.015	459502	387516
2/119	Hodsock Plantation	A deciduous plantation with a noteworthy ground flora	Botanical	2.894	459526	387589
2/120	Holme Carr Wood	Deciduous Woodland with a notable ground flora	Botanical	1.044	455699	380004
2/121	Tranker Wood	A deciduous woodland with rich ground flora	Botanical	10.308	456939	380398
2/122	Langold Dry Lake and Costhorpe Plantation	Species rich woodland with a notable flora and fauna	Botanical	15.626	458206	386498
2/123	Oak Wood Shireoaks	A noteworthy deciduous woodland	Botanical	0.643	455475	380308
2/124	Langold Cutting	A valuable steep-sided waterlogged cutting	Botanical	1.679	458856	387066
2/125	Oldcotes disused railway	A disused railway with an interesting diversity of habitats	Botanical	2.461	459604	389921

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/126	Ash Holt Styrrup	An interesting deciduous woodland	Botanical	1.216	459473	390256
2/127	Clatticar Wood	A deciduous woodland with an especially notable ground flora	Botanical	3.692	450335	390176
2/299	Soss Lane Grassland Misterton	A notable horse grazed paddock with a particularly rich bank running through	Botanical, Moth	1.584	477705	395001
2/346	Budby Drive	A sandy track with a good acidic community	Botanical	2.136	460230	370941
2/388	Broad grassland Worksop	An interesting pasture with a marshy strip	Botanical	2.121	456423	376389
2/389	Manor Hills	A representative section of Manor Hills Woodland	Botanical	106.330	457750	375943
2/390	Sandhill Lake	A recreational lake with a restricted but notable emergent community	Botanical	7.720	458045	379425
2/391	Rhodesia Pool	A small flooded quarry with a notable aquatic community	Botanical	0.723	456584	380200
2/392	High Grounds Wood	A mature deciduous woodland with a noteworthy ground flora bounded by a valuable flowing drain	Botanical	2.343	456756	379758
2/393	Scratta Hedge	A long length of hedgerow with a most valuable shrub content	Botanical	0.519	454360	379282
2/394	Shireoaks Fishing Pond	A pool and a diverse mixture of adjacent habitats	Botanical	3.019	455196	381141
2/397	Hardwick Ashes	A deciduous woodland with noteworthy ground flora	Botanical	4.695	458806	383125
2/398	Forest Plantation Track	Sandy forest trackside banks and verges supporting a notable flora	Botanical	0.203	460896	376275
2/399	Kidney Clump Acid Grassland	A sizeable area of partly wooded acid grassland of high floral and faunal interest	Botanical	10.086	461343	376436
2/401	Worksop Golf Course	An interesting mosaic of habitats with a number of noteworthy species	Botanical	63.020	460262	377533
2/403	Coach Road Plantation	An interesting and varied area of deciduous woodland	Botanical	36.246	462167	377065
2/404	Top Wood	A deciduous area of woodland with a noteworthy species content	Botanical	10.541	463029	377622
2/405	Bothamsall Lane Verges	Roadside verges with a valuable and diverse flora	Botanical	0.935	465812	373778
2/406	Bothamsall Scrub	Old clay workings, now developed into a valuable area of scrub with ponds and grassland	Botanical	2.229	467270	373475
2/407	Retford Golf Course	An area of valuable acidic grassland and heathland	Botanical	38.660	468973	379885
2/408	Eaton Breck Farm Track	A herb-rich trackside verge	Botanical	0.436	469780	377909
2/409	Styrrup/Oldcotes Hedge	A shrub rich hedge	Botanical	0.289	460814	388282

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/411	Chequer Bottoms	A notable length of riparian deciduous woodland	Botanical	8.139	464354	380853
2/412	Roadside Bank Babworth	A valuable dry and sandy roadside verge	Botanical	1.232	465000	380461
2/413	Serlby Park Wetlands	A valuable linear wetland system	Botanical	22.110	463208	388793
2/414	Tinker Lane Barnby Moor	Trackside verges with a notable community	Botanical	2.126	464959	384640
2/416	Coates Wetland	A group of pools with rough grazing land and a section of the River Trent providing an area of zoological and botanical interest	Botanical, water beetle/bugs	19.560	483036	381370
2/419	Mattersey Sand Quarry	An old quarry with a good variety of habitats and species	Botanical	16.889	468412	387921
2/420	Barrier Bank Newington	A valuable habitat mosaic of damp grassland drains, ruderal vegetation and woodland	Botanical	7.260	466928	393614
2/421	Warren Plantation	A woodland with grassy clearings of zoological interest	Botanical	5.852	467103	390850
2/424	Fox Covert Drain Misterton	A drainage channel with a valuable aquatic community	Botanical	0.173	472143	395175
2/429	Muttonshire Hill Wet Grassland	A valuable wet grassland with areas of swamp vegetation	Botanical	1.268	470549	376428
2/430	West Markham Cutting	An interesting range of species in a wooded cutting and field verge	Botanical	0.313	471132	372395
2/433	Cliff Gate Grassland	A herb rich paddock with a calcareous bias	Botanical	1.081	472303	373715
2/435	Top Lodge Plantation	A mature deciduous woodland with a characteristic ground flora	Botanical	1.516	472612	379722
2/437	East Markham Marshy Grassland	A grassland with an excellent marsh	Botanical	3.647	474069	372534
2/439	Askham Grassland	A notable community in a little improved grassland	Botanical	4.397	474310	375117
2/441	Beast Wood Grassland	A damp neglected grassland with a valuable herb content	Botanical	0.489	476059	375066
2/442	Brigg Lane	A grass track notable for a good selection of herbs	Botanical	1.046	475374	376395
2/444	Skegby Road Triangle	A species rich roadside verge	Botanical	0.131	478640	370507
2/447	Retford Road Wood Rampton	A mature deciduous woodland with a valuable ground flora	Botanical	1.179	478331	377991
2/448	Bushstocks Lane Meadow	A little improved meadow with a noteworthy flora	Botanical	3.651	478251	379045
2/449	Greengate Road Grasslands East Drayton	Old grazed grasslands with number of notable species	Botanical	2.645	477984	375784

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/452	Linghurst	Deciduous woodland with several notable species and areas of open water	Botanical	26.741	469732	386769
2/453	Retford Road Verges Mattersey	Broad species rich roadside verges	Botanical	0.706	469133	388071
2/458	New Ea Drain Scrub	Unmanaged scrub with large areas of ruderal vegetation and grassland	Botanical, water beetles/Bugs	8.316	471498	387631
2/459	Cordall Lane Hedge	An old hedgerow sympathetically managed	Botanical	0.840	473385	386000
2/461	Mill Lane Clayworth	Verges with an interesting selection of herbs	Botanical	0.849	474146	387722
2/462	Hangingside and Hollinhill Lanes	Trackside verges that are rich in herbs	Botanical	0.896	473664	384946
2/464	Lovers Lane Clayworth	A footpath winding through dense scrub and meadow habitats	Botanical	0.797	474735	388979
2/465	Lancaster Lane Gringley	An old hedgerow with good shrub mixture	Botanical	0.093	474566	389439
2/466	Muspitt Lane	A narrow strip of roadside verge and ditch bank with several notable species	Botanical	0.892	475608	384749
2/467	Whinleys House Farm Grassland	A ridge and furrow field with a number of notable species	Botanical	1.883	474945	382726
2/470	Cow Pasture Lane Drains	Drains with notable aquatic and bankside vegetation	Botanical	0.448	480646	380301
2/471	Mother Drain Gringley	A section of Mother Drain that is of botanical and zoological value	Botanical	0.292	471511	395302
2/472	Levels Drain	A drain with excellent aquatic flora	Botanical, Moth	0.259	471268	397054
2/473	Chapel Baulk	A narrow V-shaped length of interrupted drain with a noteforthy flora	Botanical	0.600	471508	398453
2/475	Shaw Ponds	An old extraction pit now a series of interlinked ponds with notable marginal and emergent vegetation	Botanical	1.593	473594	392143
2/478	Wooden Beck Hill Verges	A herb-rich section of roadside verge	Botanical	0.416	475359	391726
2/479	Misterton Pasture	A valuable pasture including dry and marshy grassland communities	Botanical	6.339	475934	394446
2/481	River Trent, West Stockwith	A representative length of the tidal River Trent including bankside and associated rough vegetation	Botanical	17.182	480100	394815
2/482	Meadow Lane Grasslands Normanton on Trent	A collection of species rich grassland	Botanical	8.207	481381	368612
2/483	Low Marnham Grassland	A reasonable grassland with a particularly interesting area of banking	Botanical	0.835	480580	369240

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/486	Dunham Dubs	A notable association of open waster and grassland along the River Trent	Botanical	19.252	481846	373807
2/487	Dunham Drain	A drain with a lush growth of emergent and bankside vegetation	Botanical	0.298	481890	374804
2/491	Bole Ings Drain	Drains with a notable aquatic flora and of interest for Water Beetles	Botanical, Water Beetles/Bugs	0.958	480492	387571
2/492	Bole Ings Flood Pasture	An inundated pasture of botanical and ornithological interest	Botanical	10.296	481224	387728
2/498	River Idle and Banks, West Stockwith	A length of the River Idle and its flood banks, primarily of botanical importance	Botanical, Moth	11.875	477833	395298
2/551	Haughton Decoy	Mature deciduous woodland around an old decoy lake	Botanical	10.233	468175	371802
2/553	Carburton Roadside Verge	A roadside verge with a diverse flora	Botanical	0.382	460904	372277
2/554	The Knob	An area of mature deciduous woodland with a characteristic Sherwood Sandstone ground flora	Botanical	8.421	464669	375960
2/556	Great Oak Square Wetland	A notable acid marsh community	Botanical, Water Beetles/Bugs	0.099	463206	373702
2/560	Kegham End Plantation	A Valuable habitat of damp overgrown woodland	Botanical	3.213	460352	383806
2/561	Woodland, Carlton in Lindrick	A small but noteworthy area of deciduous woodland	Botanical	0.386	460198	385273
2/562	Hodsock Priory Estate	A woodland strip representing a variety of woodland types	Botanical	7.311	460580	384487
2/563	Wellbrooks Plantation	A remnant of interesting coppice woodland	Botanical	0.599	460191	384326
2/564	Asholt and Hodsock Redbridge	A deciduous riparian woodland with damp areas producing a notable ground flora	Botanical	3.199	462085	385623
2/565	Daneshill Lakes and Woodland	A very rich mosaic of woodland marsh and aquatic habitats on old sand and gravel workings – of note for its plant and animal communities	Botanical, Water Beetles/Bugs	70.905	466746	386517
2/566	Ranskill Gravel Pits	Disused gravel workings now a fishing pond with notable aquatic and bankside communities	Botanical, Water Beetles/Bugs	10.272	466560	388889
2/568	Everton Carr Drains	Species rich drainage channels	Botanical	0.402	469801	393080
2/569	Barrier Bank, Misson	A site of scrubby woodland and ruderal riverside vegetation incorporating a representative stretch of the River Idle	Botanical, Water Beetles/Bugs	14.435	469447	394605

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/570	Whitehouse Plantation	A good open sandy woodland habitat, well used as a local amenity	Botanical	4.658	463854	391776
2/571	Well Hill Bircotes	A noteworthy area of scrub and wet grassland in an urban setting	Botanical	2.721	462329	391738
2/573	Slaynes Lane Washland	One of five washlands along River Idle representing fragments of once extensive site of importance for both its plant and bird communities	Botanical, Birds	11.921	468552	393821
2/574	Newington Washland	One of five washlands along the River Idle representing the last fragments of a once extensive site of importance for both plants and birds	Botanical	50.986	466183	393540
2/575	Idle Stop Washland	One of five washlands along River Idle representing fragments of a once extensive site of importance for both its plant and bird communities	Botanical	22.627	471966	396178
2/576	North Carr Drain Washland	One of five washlands along the River Idle representing fragments of a once extensive site of importance for both its plant and bird communities	Botanical/Water Beetle/Bugs	5.800	470636	394548
2/577	Scrooby Common and Gibbet Hill	An area of scrubby acidic grassland	Botanical	2.656	464877	391517
2/578	Barrow Hills Plantation	A mixed plantation and secondary woodland of botanical and invertebrate zoological interest	Botanical	48.889	467774	392062
2/617	Markham Moor Grasslands	Rough species rich grasslands along the River Maun	Botanical	1.945	471228	374015
2/618	Darlington Wood	A semi natural deciduous woodland with a characteristic ground flora	Botanical	2.259	473629	374862
2/619	Beverley Spring	A characteristic tall coppice on Mercia Mustone	Botanical	4.070	473400	378276
2/620	Chesterfield Canal (Misterton to West Stockwith)	A length of canal with a characteritic aquatic plant community	Botanical Water Beetles/Bugs	2.724	477260	394538
2/621	Chesterfield Canal (Shireoaks to Welham)	A long stretch of canal varying in character and quality but always of aquatic and emergent botanical interest and zoological value	Botanical Water Beetles/Bugs	24.689	464021	380803
2/622	Maunhill Wood	A boradleaved woodland on Mercia Mudstone clays with a notable ground floral	Botanical	3.873	476132	383455

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/624	Tongs & Dogholes Woods	Woodlands supporting a characteristic flora	Botanical	2.854	476112	389036
2/625	Saundby Park Wood	A large and mostly undisturbed dry woodland site	Botanical	7.236	477127	388457
2/626	Beckingham Wood	A well structured mature coppice wood	Botanical	6.043	475600	389136
2/627	Wheatley Wood	A rather disturbed woodland with a good range of characteristic species	Botanical	5.909	476029	388153
2/628	Plaster Hill Plantation	A mature plantation with a well-developed woodland flora	Botanical	1.455	473841	381262
2/629	Hutchinsons Holt	A belt of unmanaged woodland with a dense understorey	Botanical	6.215	475010	381692
2/630	Caddow Wood (Southern Assarts)	A discontinuous and rather open old woodland of some botanical interest	Botanical	11.378	475729	382005
2/631	Clarlborough Gypsum Pits	An area of calcious scrub and grassland developed on the site of a disused gypsum quarry	Botanical	0.639	473929	383320
2/633	Longholme Pasture East Retford	Damp ridge and furrow pastures with a high species diversity	Botanical	7.369	471653	382134
2/634	Misson Carr	An important and extensive area of damp scrub and woodland of zoological as well as botanical interest	Botanical, Moth, Water Beetle/Bugs	79.521	471407	397471
2/635	Snow Sewer (West) Misson	A deep drainage channel with a good aquatic flora	Botanical, water beetles/bugs	4.657	471508	398250
2/636	Levels Farm Drain, Misson	A length of species-rich drain	Botanical	1.069	471422	398055
2/655	Dunham Oxbow	A valuable aquatic community developed on an abandoned channel of the River Trent – of botanical and vertebrate zoological interest	Botanical	4.420	481628	373981
2/656	Fledborough Holme	Lightly grazed common land a small oxbow and a length of the River Trent each with its characteristic flora	Botanical	22.494	481448	371986
2/657	Bole Ings	An old Trent oxbow with a good diversity of semi-natural habitat types – of botanical and zoological interest	Botanical Water Beetles/Bugs	16.775	480131	387022
2/745	Long Plantation Bridleway	A bridleway with a notable association of plant species	Botanical	2.836	460762	371540
2/969	Rugged Butts	An extensive area of acid grassland with associated woodland habitats	Botanical	38.039	467861	395620

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
2/977	East Retford Marshy Grasslands	Species rich marshy grasslands adjacent to the Cehesterfield Canal	Botanical	3.957	471729	381523
2/979	Out Ings	A diverse mosaic of grassland, open water and carr communities adjacent to the River Trent	Botanical	12.477	482498	384741
5/100	Banks Carr Wood	An open deciduous woodland with a rich and varied flora bounded by open drains and one of the last areas of fen meadow remaining in Nottinghamshire	Botanical	5.858	459893	391308
5/101	Banks Carr Drain	A slow flowing drain with species rich aquatic and emergent flora	Botanical	0.515	459844	390959
5/102	Lings Wood Scaftworth	A block of deciduous woodland in a conifer plantation with a notable wet acidic community	Botanical	14.399	466737	391012
5/103	Mattersey North Sand Pit	A scrubby disused sand quarry with important wetland and sand-land communities	Botanical	1.745	465916	390322
5/104	Mattersey Wood	Mixed damp woodland with notable flora	Botanical	19.276	466481	389623
5/105	Pusto Hill	A semi-natural sandy grassland with characteristic and notable species	Botanical	16.143	469266	390065
5/106	Everton Carr Woodland	A semi natural deciduous woodland on a damp peaty/sandy substrate of botanical interest	Botanical	6.388	468837	393624
5/107	Everton Road Verges	A wide grassy verge with a notable sand-land community	Botanical	1.001	469061	390112
5/1077	Tiln Wood Grassland	A relic patch of dry acid grassland with notable species in and around a conifer plantation	Botanical	2.041	469823	383602
5/108	Top Road Sand Pit	A diverse mosaic of wet and damp depressions vegetated spoil scrub and open sandy habitats in a disused sand pit	Botanical	6.916	470094	395368
5/1081	Morton Park	Area of unimproved acid grassland in the grounds of a Park	Botanical	53.183	465113	379831
5/1084	Pheasant Wood Grassland	A notable dry grassland community left along a fire break	Botanical	1.659	459180	376031
5/109	Snow Sewer (East) Misson	A deep drain with a notable aquatic flora	Botanical Water Beetle/Bug	2.866	472629	398228
5/1102	Beacon Hill	A notable calcicole grassland community on a bank	Botanical	1.077	472519	373402
5/112	Walkeringham Claypits	An old clay pit with a developed base-rich grassland scrub and pond communities	Botanical	6.653	475587	392486

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
5/114	Mattersey flooded sandpits	Vegetated flooded sand pits with noteworthy emergent and aquatic flora	Botanical	15.663	467102	388927
5/115	Mattersey Sandpit	Shallow water-filled sandpits with scrub of wildlife value	Botanical	1.449	467540	387961
5/116	Scrooby Sand Pits	Mosaic of swamp, marsh, grassland, scrub and developing fen communities of considerable botanical and zoological interest	Botanical, water beetles/bugs	12.997	465522	390182
5/117	Ranskill Sandpit Spoil	A mosaic of marsh, open water and characteristic sand-land communities which have developed on an old sand pit	Botanical	5.641	466900	387222
5/118	Ash Holt Hodsock	A mixed riparian woodland	Botanical	8.091	462826	384177
5/119	Toad Holes Wood Hodsock	A wet deciduous woodland with a notable ground flora	Botanical	5.553	461716	388156
5/120	Low Wood Hodsock	A fine riverside deciduous woodland	Botanical	3.374	461863	385994
5/121	Lower Flash Hodsock	N area of relict grass heath	Botanical	2.460	463168	383280
5/123	Hundred Acre Wood	A mixed plantation woodland with characteristic acidic flora	Botanical	40.853	461137	382782
5/1234	Marsh Road Pond Walkeringham	A noteworthy pond	Botanical	0.628	478111	391386
5/1236	Clayworth Woodhouse Pond	A pond with notable flora	Botanical	0.264	475169	388849
5/1239	Brickyard Road Ponds	Ponds with a noteworthy flora	Botanical	0.421	469645	377093
5/124	Carlton Sand Quarry	A disused sand quarry with areas of scrub and open sandy habitat	Botanical	4.948	460939	383226
5/128	High House Road Verges, Sturton le Steeple	A notable neutral grassland, ditch bank communities and species rich hedgerow along a track	Botanical	1.437	476653	383616
5/129	Blue Stocking Lane Claborough	A green lane with species rich grassland and hedgerows	Botanical	1.167	475188	383852
5/132	Littleborough Lagoons	A shallow lagoon with flood bank and drain of botanical and ornithological importance	Botanical, Water Beetles/Bugs	5.821	482704	383288
5/134	Old Trent Marnham	A range of wetland habitats along the old course of the River Trent	Botanical	2.304	481326	369574
5/146	Headon Wood/School House Plantation	Semi-natural deciduous plantation woodlands separated by a unimproved neutral grassland ride	Botanical	7.367	474141	377865

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
5/150	Conjure Alders Bothamsall	A wet deciduous woodland at the confluence of the Rivers Maun and Meden	Botanical	12.010	466221	372376
5/151	Bothamsall Grassland Plantation	A wide belt of neutral to acidic grassland between plantation blocks	Botanical	2.761	467014	374971
5/153	Poulter Valley Plantation (East)	Conifer plantation with relict areas of semi-natural deciduous woodland	Botanical	64.749	467927	374725
5/154	Poulter Valley Plantation (West)	Conifer plantation with relict areas of semi-natural deciduous woodland	Botanical	33.337	466649	374942
5/155	West Drayton Woodland	Wet riparian woodland	Botanical	1.618	469654	375037
5/157	Babworth/Ordsall Railway	An active railway line with acidic grassland communitieis of particular note	Botanical	3.682	468921	379851
5/158	Osberton Woodland (i)	A wet woodland with a notable plant community	Botanical	2.482	461819	379132
5/159	Osberton Woodland (ii)	A mixed woodland on wet ground with notable species	Botanical	4.294	462293	379826
5/160	Top Wood/Great Whin Covert	A conifer plantation with characteristic acidic grassland along rises and pond with notable species	Botanical, Water Beetles/Bugs	46.928	463928	377982
5/2100	Oldcotes Mill Grassland	Horse grazed pasture with species rich calcareous banks	Botanical	2.23	458655	388394
5/2112	Langold Lake Swamp and Woodland	A diverse linear habitat of wet woodland, swamp and open water	Botanical	3.999	457238	386053
5/2113	Langold Lake Grassland	A notable grassland with a diverse flora	Botanical	0.939	458053	386748
5/2126	Cow Wood	A deciduous calcareous woodland with a notable ground flora	Botanical	3.066	457754	388521
5/2127	Nabs Ashes Marsh	A notable fen community adjacent to a woodland	Botanical	2.808	458315	382423
5/2130	Mother Drain East Gringley	A drain with a notable aquatic and bankside flora	Botanical	1.033	472751	396396
5/2159	West Burton Reedbed	An extensive reedbed and associated carr woodland of botanical and zoological note	Botanical	4.297	480320	385689
5/2162	Misson Pumphouse Flash	A seasonal flash and associated river valley farmland of ornithological note	Bird	16.046	470902	394937
5/2163	Styrupp Sand Quarry	A sand quarry of botanical interest	Bird	5.946	460615	390095
5/2164	Slaynes Lane	Carr, farmland and gravel pits prone to winter/spring flooding supporting rich assemblage of breeding birds	Bird	121.524	4680505	394051

Ref No	Site Name	Description	Interest	Hectares	Grid Ref x	Grid Ref y
5/2165	Regenerated Colliery Site	Regenerated colliery site including coal yard, former tips and ponds supporting a rich assemblage of breeding birds	Bird, Botanical, Water Beetles/Bugs	141.556	470105	373819
5/2166	Manton Colliery	A former colliery site supporting a mosaic of habitats and rich	Bird, Water Beetle/Bugs	86.215	461244	377810
5/2191	Broad Lane Grassland North Leverton	A neutral grassland cut for hay	Botanical	0.831	479844	380903
5/2192	Askham Churchyard	A churchyard with a neutral grassland	Botanical	0.363	473963	375002
5/2193	St Helen's Church grassland	A notable churchyard grassland	Botanical	0.599	459139	388555
5/2194	Bolham Wood	A characteristic acid ancient woodland on a river blugg	Botanical	1.906	469811	383150
5/2209	River Ryton	A stretch of river of zoological note	Crayfish	0.887	461885	386243
5/2211	Ranskill Birch Woodland	Successional habitat with notable plant species and communities	Botanical	7.198	466214	388176
5/2212	Common Lane Ranskill	Notable sand plant communities along trackside verges	Botanical	0.353	466555	387876
5/2216	Blue Barn Lane	A lane with notable plant species	Botanical	0.281	454065	371459
5/2217	West Burton Power Station	An area of mature gravel pits within the power station of zoological interest	Moth, Water Beetles/Bugs	18.073	480360	386096
5/2218	Clumber Park and Boat House Plantation	An area with moth interest	Moth	113.526	462718	375047
5/2222	Saundby Ponds	Fishing ponds notable for Water Beetles	Water Beetle/Bugs	2.471	480014	388033
5/2223	Toft Hill Lane Drain & pond	Ditches and a pond of interest for Water Beetles	Water Beetle/Bugs	0.154	468417	393542
5/2224	Thornhill Lane Drain Littleborough	A drain of interest for water beetles	Water Beetles/Bugs	0.135	481418	382860
5/2227	Goosemoor Dyke	A stream of interest for water beetles	Water Beetles/Bugs	2.124	474815	369435
5/2231	River Idle	A section of the River Idle and associated swamp of interest for Water Beetles	Water Beetles/Bugs	7.120	396436	
5/2234	Marsh Drain Walkeringham	A drain of interest for Water Beetles	Water Beetles/Bugs	1.072	478217	392720
5/2235	Misson Bank and Sandersons Bank Drains	Drains of interest for Water Beetles	Water Beetles/Bugs	0.825	471029	400211
