Subject: RMBC Comments on Bassetlaw Publication Core Strategy and Development Management Policies

FAO Planning Policy Team

Thank you for consulting RMBC with regard to the above Core Strategy document.

Please excuse not using the Consultation Portal, but I didn't wish the general point we are raising to be clouded by issues of legal compliance or soundness.

Taking account of the publication draft and development management policies presented suggests that there does not appear to be any obvious conflict with Rotherham's interest at this stage. I would, however, appreciate being notified of receipt of the Inspector's report and the document's adoption in due course.

Good luck with progressing your LDF and I look forward to contributing further in the future.

Regards  
Noel
