

# The Draft Bassetlaw Plan: Vision and Objectives

## Our Vision

By 2035, Bassetlaw District will be a place where rural and urban life prosper from investment and growth; new developments will increase opportunities for enhanced health, wellbeing, and quality of life; and residents and visitors will be able to enjoy a valuable, attractive, diverse, and accessible environment.

## Our Objectives

- 1** Manage the scale and location of development to support a balanced pattern of growth across urban & rural areas

- 2** Deliver the number of homes required to meet the needs of Bassetlaw

- 3** Initiate the delivery of two new Garden Villages

- 4** Facilitate development opportunities to enhance Bassetlaw's economy through new, and the expansion of existing, enterprises, providing jobs across urban and rural Bassetlaw

- 5** Conserve the District's distinctive historic built & natural environments

- 6** Promote rural Bassetlaw as a living & working landscape, where new development responds to local needs & opportunities, and protects the intrinsic character of the countryside.

- 7** Ensure the built environment is improved through high quality design & architecture.
- 8** Increase resilience to climate change through improved flood mitigation, better energy and water efficiency, & support for renewable energy production.
- 9** Enhance the vitality & viability of Bassetlaw's town centres & local centres.
- 10** Promote health and wellbeing by delivering new and enhanced infrastructure which will improve the quality of life in Bassetlaw.
