

COMMUNITY INFRASTRUCTURE LEVY

The Community Infrastructure Levy (CIL) is a charge that local authorities in England and Wales can require of most types of new development in their area (based on £ per sqm), in order to pay for the infrastructure needed to support development. CIL charges are based on the size, type and location of the development proposed.

Bassetlaw District Council (the Local Planning Authority) adopted its Community Infrastructure Levy (CIL), on 1 September 2013. In accordance with the regulations they must allocate a 'Neighbourhood Portion' of CIL to Parish and Town Councils for them to spend on infrastructure or anything else that addresses the demands that development places on an area. All communities at local level get an opportunity to influence spending of CIL receipts and in particular the Neighbourhood Portion of the CIL.

The amount of the Neighbourhood Portion varies depending on whether there is a Neighbourhood Plan in place. In areas where this has happened 25% of the levy collected from development within the NP area is available and elsewhere it is 15%.

Report on Community Infrastructure Levy (CIL) activity for Mattersey Parish Council

Local Parish Councils have a legal duty to prepare an annual report of CIL received and spent in any financial year including:

- Total CIL receipts for the financial year
- Total CIL expenditure for the financial year
- Summary of CIL expenditure including the items and amounts on which it has been spent

Below are details of CIL in respect of Mattersey Parish Council
