## 1. Introduction

- 1.1 The Council secures infrastructure from development (financial and non-financial) to mitigate the impacts of development, address infrastructure needs, contribute towards place-making and meet Local Plan requirements.
- 1.2 Infrastructure is secured in several different ways from new development by the local authority via:
- Planning obligations – site-related infrastructure secured via a S106 legal agreement with developers/landowners to mitigate the impact of development
  - Community Infrastructure Levy – a charge on certain types of new development identified by the CIL Charging Schedule 2024<sup>1</sup>
  - Other funding - including S278 Agreements for highways improvements and other external funding, e.g. through Government funding e.g. Levelling Up Fund.
- 1.3 The Bassetlaw Infrastructure Funding Statement (IFS) sets out the funding secured, allocated, used and retained by the Council relating to the Community Infrastructure Levy (CIL) and Section 106 (S106) agreements for 2024/25.
- 1.4 It also provides information about non-financial contributions, and how the CIL /S106 funding collected could be used to provide infrastructure within Bassetlaw in future.
- 1.5 District Councils, such as Bassetlaw, are required to produce an IFS on an annual basis by [The Community Infrastructure Levy \(Amendment\) \(England\) \(No. 2\) Regulations 2019](#).

### 2024/2025 Headlines

#### **Bassetlaw Community Infrastructure Levy:**

CIL receipts have increased significantly over the past few financial years, as a result of an increasing number of developments commencing construction in the District. Relative to 2024/2025, the following is noted:

**£3,236,277.08** is the total value of CIL issued in demand notices.

**£2,150,275.03** is the total value of income collected.

**£483,508.42** of income was collected from Bassetlaw's CIL towards local community projects (neighbourhood portion).

**£1,559,252.85** of the total income collected from Bassetlaw's CIL receipts will be directed towards Strategic Infrastructure

#### **Bassetlaw Section 106 Agreements**

Relative to 2024/2025, the following is noted:

**£2,889,946.02** opening balance: has been allocated to specific projects carried forward from previous years.

**£1,370,023.38** has been received in S106 income.

**£65,070.17** has been spent on mitigating the impact of developments.

**£4,194,889.23** remaining as the closing balance at 31/03/2025.

<sup>1</sup> [What is a community infrastructure levy? | Bassetlaw District Council](#)

- 1.6 It is appropriate for a combination of different types of developer funding to be used to deliver an infrastructure project provided that for strategic infrastructure, the projects contribute to the strategic priorities in the Bassetlaw Local Plan and are set out on the Infrastructure List in Table 5.
- 1.7 Parish/Town Councils will also be able to use their own CIL receipts (known as the neighbourhood portion) on infrastructure projects that are a priority for them in their local area. This could include contributing to the priorities in made neighbourhood plans for example.

## 2. What are the Sources of Income?

### Community Infrastructure Levy (CIL)

- 2.1 CIL is a tariff-based charge levied per square metre of floorspace on relevant development in the district in accordance with the Council's CIL Charging Schedule<sup>2</sup>. CIL is split into two portions:
- strategic infrastructure to help deliver projects on the Infrastructure List - funding is pooled together to help fund infrastructure needed to support the development and infrastructure needs of the district e.g. junction improvements, secondary school improvements.
  - neighbourhood portion to help Parish/Town Councils fund local infrastructure priorities in their local area
- 2.2 Please note: A charging authority may accept one or two land payments in lieu of the whole or part of the CIL due in respect of a chargeable development. Where CIL is paid by way of a land payment the amount of CIL paid is an amount equal to the value of the land acquired, known as "payment in kind".

### Planning Obligations

- 2.3 Planning obligations are secured by Section 106 (S106) legal agreements usually between Local Authorities and developers/landowners. These are linked to planning permissions and can also be known as developer contributions.
- 2.4 Planning obligations are used when it is considered that a development will have significant impact on the local area that cannot be mitigated by planning conditions attached to a planning decision. They are used to make development acceptable in planning terms and legally can only be used where the infrastructure is necessary, directly related and proportionate in scale and kind to the development<sup>3</sup>.
- 2.5 For example, a new residential development can place extra pressure on the social, physical and green infrastructure which exists in a certain area. A S106 agreement will identify the necessary infrastructure improvements required so that the development would not have an adverse impact on the local area and community.

### What Planning Obligations may cover

- 2.6 A S106 agreement will vary depending on the type and scale of the development and the existing infrastructure capacity in that part of the district. Most S106 agreements are for financial contributions but can also be used for the provision of non financial contributions and the direct delivery of infrastructure. The most common obligations include:
- Public Open Space and Children's Play Areas
  - Affordable Housing

---

<sup>2</sup> The Council adopted a new CIL Charging Schedule on 29 May 2024. It takes effect from 1 June 2024 and applies to relevant development where the Council has received a commencement notice and agreed that the commencement date will be from 1 June 2024

<sup>3</sup> CIL Regulations 2010 (as amended) s122 (2)

- Education
- Highways
- Public Transport
- Non-financial contributions, including employment and skills plan and travel plans.

### **Other Sources of Funding**

2.7 It is important that the Council and its infrastructure partners consider all funding sources with CIL and planning obligations to help deliver infrastructure across the district. In recent years the district has benefitted from the Government's Levelling Up Fund, and previously from the Local Enterprise Partnership and Local Improvement Scheme funding.

### 3. Community Infrastructure Levy – Collection and Expenditure

- 3.1 The following information is presented in order to comply with the requirements on the reporting of CIL. It sets out how much CIL has been collected, where it has been allocated to, and how it has been spent<sup>4</sup>.

	<b>Amount</b>	<b>Further Information</b>
Total value of CIL issued in Demand Notices	£3,236,277.08	56 Demand Notices issued
Total amount of CIL income	£2,150,275.03	Reflects the amounts received in 2024/25 <sup>5</sup>
The total amount of CIL expenditure.	£1,420,793.66	Includes the neighbourhood portion payments to Parish / Town Councils but excludes the CIL admin monies. Further details in Table 3.
Total amount of CIL income collected since 2013	£22,844,231.82	
Total amount of land given in kind during the year.	£0.00	Nil
Total amount of land given in kind since 2013	£0.00	Nil

#### CIL Income In 2024/25

- 3.2 The amount of CIL payable depends on the type of development as determined by the Bassetlaw CIL Charging Schedule [www.bassetlaw.gov.uk](http://www.bassetlaw.gov.uk).
- 3.3 CIL receipts have increased significantly over the past few financial years as a result of the increasing number of developments commencing construction in the district. Table 1 below provides a breakdown of Bassetlaw CIL income since CIL was introduced in the district:

<b>Year</b>	<b>Amount</b>
2013/14	£5,160
2014/15	£83,824
2015/16	£316,712
2016/17	£900,086
2017/18	£740,493
2018/19	£2,033,400
2019/20	£2,881,621
2020/21	£1,830,080 <sup>6</sup>
2021/22	£4,694,411
2022/23	£3,949,675
2023/24	£3,258,490

<sup>4</sup> The collection and distribution of the CIL is governed by the CIL Regulations 2010 (as amended). Further information can be found at <https://www.bassetlaw.gov.uk/planning-and-building/planning-services/community-infrastructure-levy/>

<sup>5</sup> this income could be derived from previous years and is payable upon commencement of development

<sup>6</sup> During the Covid pandemic the Government introduced Regulation 72(A) of the CIL Regulations (as amended) <https://www.legislation.gov.uk/uksi/2020/781/contents/made> to defer CIL payment subject to relevant criteria, and this is reflected in level of CIL income in 2022/23.

2024/25	£2,150,275
---------	------------

3.4 2024/25 saw the receipt of a large amount of CIL income - £2,150,275. The most notable amounts came from the following developments:

- **£1,155,398.00** – 21/01835/FUL – Land at Aveling Way Shireoaks
- **£274,154.82** – 2101666/RES – Land West of Great North Road Ranskill
- **£156,348.93** – 22/00466/FUL – Land off 9 Ashdown Way Misterton

3.5 Relevant planning application information on the above developments can be found via the Bassetlaw District Council online planning portal at <http://publicaccess.bassetlaw.gov.uk/online-applications/>.

### CIL Expenditure In 2024/25

Detail	Amount	Further Information
Strategic Infrastructure	£1,125,000.00	Outwood Academy Expansion, Sparken Hill, Worksop
Neighbourhood Portion	£295,793.66	Drawn Down by Parish /Town Councils
CIL Admin	£54,591.00	Funding CIL Officer (3.0 FTE) (2 posts recruited in Q2)
CIL Payment Returned	£16,475.32 £8,687.38	Overpayment of CIL (Mattersey) Overpayment of CIL (Worksop)

3.6 CIL is drawn down through Cabinet delegated decision-making to the Head of Planning and Place for all qualifying projects. These being:

- Strategic infrastructure on the Infrastructure List
- Neighbourhood portion by Parish/Town Councils
- CIL administrative work (maximum 5% of total CIL income)

### Neighbourhood portion

3.7 The total amount of CIL monies drawn down by Parish/Town Councils in 2024/2025 was £295,793.66.

3.8 Parish and Town Councils have a duty to submit annual monitoring reports if they have drawn down funds in accordance with the CIL Regulations.

3.9 Failure to submit Annual Monitoring Reports by the December following the end of the financial year, will result in the prevention of funds being available for draw down until appropriate accounting has occurred. All such annual monitoring reports are available on the Council website at: <https://www.bassetlaw.gov.uk/planning-and-building/planning-services/community-infrastructure-levy/cil-annual-reports/>

- 3.10 In the non-parished parts of the district CIL monies are managed separately. Further details are in Appendix 1: Neighbourhood Funding Guidance on the Administration of the Community Infrastructure Levy.

<b>Non- Parish/Town Council areas</b>	<b>Amount received in 2024/25</b>	<b>Cumulative amount available at 31 March 2024</b>
Worksop	£27,021.45	£788,192.56
Retford (excluding neighbourhood plan area)	£1,141.67	£681,242.53
Retford Town Centre NP area	£3,222.41	£3,222.41

### **CIL Administration**

- 3.11 In accordance with the CIL Regulations 2010 (as amended) the Council can retain a fee of up to 5% of the total contributions to cover administration costs. In 2024/25, this totalled £107,513.75 of which £54,591.00 was spent during the financial year contributing towards the officer resource and software to administer the CIL.

### **CIL Exceptional Circumstances Relief 2024/25**

- 3.12 In exceptional cases, development may be eligible for relief or exemption from CIL in accordance with the CIL Regulations 55-57 (as amended). No exemptions were granted Exceptional Circumstances Relief in 2024/25.

## **4. CIL Allocated and Unspent In 2024/25**

### **Strategic Infrastructure**

- 4.1 As at 31 March 2025, £16,967,295.77 of CIL monies have been collected, but not yet spent and required to help deliver strategic infrastructure on the Infrastructure List. This includes £1,559,252.85 - the amount of Strategic Infrastructure monies received in 2024/25.
- 4.2 The CIL Regulations 2019 require authorities to publish an Infrastructure List which is set out in Table 5 below. In Bassetlaw it contains strategic infrastructure necessary to help deliver the Bassetlaw Local Plan 2020-2038.
- 4.3 Further information about the Local Plan strategic infrastructure is in the Infrastructure Delivery Plan on the Council’s website at [www.bassetlaw.gov.uk/thebassetlawplan](http://www.bassetlaw.gov.uk/thebassetlawplan)
- 4.4 Table 5 shows the indicative CIL contribution required for each strategic infrastructure project. These indicative contributions are explained through the Infrastructure Delivery Plan and other Local Plan evidence.
- 4.5 It is expected that other funding sources such as planning obligations, S278 highways agreements and external funding will also be used to deliver the infrastructure. Details of each project and the likely funding sources are set out below and will be updated annually.
- 4.6 These are the only strategic projects CIL is expected to contribute towards. An annual review will be undertaken through the IFS to determine if strategic CIL needs to be used to deliver other strategic infrastructure.

## Neighbourhood Portion

- 4.6 A 'meaningful proportion' of CIL receipts is passed to the Town or Parish Council for the area where the development takes place (known as the neighbourhood portion). The meaningful proportion to be passed to the Parish / Town Council is set at:
- Areas without a made neighbourhood plan - 15% of the relevant CIL receipts with a maximum cap of £100 per Council tax dwelling in the parish.
  - Areas with a made Neighbourhood Plan - 25% of the relevant CIL receipts with no maximum cap.
- 4.7 The higher neighbourhood portion cannot retrospectively be applied to developments granted planning permission prior to the adoption of a Neighbourhood Plan.
- 4.8 At the end of 2024/25 there were 25 Neighbourhood Plans made as below. Table 4 shows the CIL neighbourhood portion received in 2024/25 and the total amount available for respective Parish/Town Councils at 31 March 2025. The cumulative amount includes CIL monies retained from previous years.

## 6. Monitoring and Review

6.1 In accordance with CIL Regulation 121A the Government requires that an annual Infrastructure Funding Statement (IFS) is published by the 31 December each year. The CIL/Planning Obligations team has appropriate mechanisms in place to monitor the demand, receipt and distribution of income and expenditure relative to infrastructure. Information is gathered to enable the impacts of unplanned developments and future strategically planned developments across the District to be understood.

6.2 The CIL Regulations provide further information on how Parish / Town Councils should spend and monitor their allocations of CIL. The Regulations state that if Parish / Town Councils have not spent their CIL allocations made to them within five years of receipt, Bassetlaw District Council can ask for the monies to be returned to the strategic fund.

# Guidance for Parish and Town Councils on

## 1. Executive Summary

- 1.1 The Community Infrastructure Levy Regulations 2010 (as amended) require local authorities (as Charging Authority) to pass a proportion of CIL receipts collected from developments in their areas directly to parish and town councils to be spent on infrastructure or anything else that is concerned with addressing the demands that development places on an area.
- 1.2 The District Council will pass accumulated funds to the parish every year (at the end of the financial year), and the parish/town council will be required to report on receipts and expenditure each year.

## 2. Introduction

- 2.1 The purpose of this note is to set out what parish and town councils can spend their CIL receipt on. Under Regulation 59A neighbourhoods will now be passed 15% of CIL revenue received by the charging authority where development has taken place. The figure rises to 25% where the town/parish council has an adopted Neighbourhood Plan in place.
- 2.2 The 15% figure is capped to £100 per existing council tax dwelling (multiplied by an index figure) which can be passed on to a parish or town council to be spent on “local priorities”. No cap applies where the Parish Council has an adopted Neighbourhood Plan. A full explanation of how the capping process works is set out in the Department of Communities and Local Government (DCLG) – Community Infrastructure Levy Guidance (February 2014) (see paragraph 72).
- 2.3 Paragraph 78 of the DCLG Guidance indicates that where money is not used to support development of the area within 5 years of receipt, or used for other purposes, the Regulations give Charging Authorities (i.e. Bassetlaw District Council) the power to recover those funds. The District Council will be required to spend any recovered funds in the parish council’s area.

# Receiving and The Use of CIL Funds

## 3. Spending the Neighbourhood Funds

### Background

3.1 Paragraph 71 of the above DCLG Guidance indicates that neighbourhood funding can be spent on a wider range of things than general levy funds. It can be spent on supporting the development of the area by funding:

- The provision, improvement, replacement, operation or maintenance of infrastructure; or
- Anything else that is concerned with addressing the demands that development places on an area.

3.2 Paragraph 78 of the Guidance indicates that “the wider definition means that the neighbourhood funding pot can be spent on things other than infrastructure (as defined in the CIL Regulations). For example the pot could be used to fund affordable housing where it would support the development of the area by addressing the demands that development places on the area.”

3.3 The above guidance would suggest that parishes can potentially spend CIL funds on a wide range of infrastructure, including for example local schools, highway/transport infrastructure and other strategic infrastructure, as well more traditional parish items such as village halls, allotments, play areas; bus shelters; street lighting; provision of public toilets; provision of litter bins etc. (see Appendix B setting out those capital works/infrastructure and maintenance items where the Parish Council has the statutory powers and duties to deliver).

### Restrictions on neighbourhood spending

3.4 However, unless the parish or town council has a General Power of Competence (GPC) as outlined in the Localism Act (ss1 - 8) (see Appendix A), then they will not have the statutory powers or duties to spend CIL money

beyond their existing remit (as set out in the various Local Government Acts - see Appendix B). The list of infrastructure, or maintenance of infrastructure, which a parish council has the statutory powers or duties to provide is quite extensive, but without the General Power of Competence (GPC) Parish Councils will not be able to spend their CIL receipt on the wider strategic infrastructure.

### Parish Council with GPC – Spending CIL Funds

3.5 Where a Council has a GPC then they will be able to use CIL on those items in Appendix B where they have a statutory power and duty to provide as well as on more strategic/wider infrastructure items, such as providing new or extended schools; new roads; new or extended libraries; Doctors’ surgeries etc.

### Parish Councils without GPC - Spending CIL Funds

3.6 Where a parish or town council does not have a GPC, this will restrict them using their CIL funds to those items set out in Appendix B (i.e. where they have a statutory power or duty to provide or maintain the specific infrastructure item).

3.7 The only way that neighbourhood funds from CIL could be used more strategically would involve the Charging Authority (CA) working closely with the parish council to agree infrastructure priorities (i.e. as set out in a Local Investment Plan and Programme), and where agreement can be reached, the CA could “retain” the neighbourhood funding to spend on specific agreed infrastructure item/s. This could include infrastructure outside the parish council’s statutory remit and/or outside the council’s geographic boundary e.g. supporting schools and roads etc.

### Other Issues relating to spending CIL

3.8 Parish and town councils do have the ability to spend money widely under Sections 111 and

137 of the Local Government Act 1972. However, under s.111 the Local Authority only have the power to spend on anything which is conducive or incidental to the discharge of any of their functions. This would prevent parish and town council spending beyond their statutory powers and duties (unless they have a GPC).

3.9 Section 137 allows parish councils to incur expenditure for certain purposes not otherwise authorised. However this expenditure is capped (£7.20 per elector 2013/14) and has to be used by the parish council "... In their opinion is in the interests of (and will bring direct benefit to) their area or part of it or all or some of its inhabitants..". It should be noted that the "direct benefit" accruing to their area or any part of it or to all or some of the inhabitants of their area must be commensurate with the expenditure to be incurred.

3.10 Therefore neither s.111 nor s.137 above would allow non GPC parish councils to spend CIL unrestrained.

#### 4. Reporting

- 4.1 To ensure transparency parish/town councils must publish each year their total CIL receipts; total expenditure; a summary of what the CIL was spent on; and the total amount of receipts retained at the end of the reported year from that year and previous years.
- 4.2 Reports can be combined with reports already produced by parish/town council and should be placed on their websites and a copy of the report should be sent to the District Council.

#### 5. Summary

- 5.1 Parish and town councils can spend their CIL receipt on a range of infrastructure and maintenance projects providing they are compliant with their statutory powers and duties. These powers and duties are quite wide ranging and are set out in Appendix B.
- 5.2 Reports can be combined with reports already produced by parish/town council and should be placed on their websites and a copy of the report should be sent to the District Council.

## General Power of Competence

### Background

The GPoC was brought in by the Localism Act 2011 and it allows councils to: carry out any lawful activity; undertake any lawful works; operate any lawful business; and enter into any lawful transaction. This power does not remove any duties from LAs and they will continue to need to comply with duties placed on them. It is a power of first resort.

### Criteria for eligibility

Under a statutory instrument the Council must resolve clearly at a full council meeting that “at the time of resolution ” it meets the criteria. This has to be confirmed again at each relevant annual parish council meeting after the ordinary election that normally takes place every four years. The following criteria must be met:

- a. At least 2/3 of councillors must be elected (i.e. elected or stood for election) at the last election;
- b. The clerk must be qualified;
- c. The clerk has completed the GPoC training.

A Council that has adopted the GPoC cannot use S137 .
